Hi there! I sent everything back in the portal - let me know if you need anything else.

Thanks!

Good Morning Shelby,

While we wait on Geotech to review the revised plans, I wanted to re-send these redlines I uploaded to the portal on 3/19 so that we aren’t held up once we get the foundation approved. I started a separate email since these comments are directly tied to the subject encroachment instead of the foundation approval process.

As we discussed in my April 10th email, Site 2 would need to be moved outside of U-6202’s limits or a hold harmless would be required. It would need to be moved west of Brierwood Rd, or east of Market St. The project runs along the majority of Gordon Rd. I have attached the first and last plan sheets to show the beginning and end of the project.

Please let me know if you have any other questions.

Thank you,

Samuel “Clark” Nichols, EI
